FL200C-M Card Lock

- World Compact Design**
 With world compact design, made our FL200C-M more easier for installation; silver color, made it elegant for different places, like office building, bank, financial institutes, government, villa etc.
- Mirco Wave Technology**
 We adopt advanced mirco wave from the U.S., make this be Card user' s favorite.
- LED Light and Sound for Operation Indication**
 LED light flash blue and red for different operation, with the buzzer sound, this is very convenient and amazing.

- Passage Mode Function**
 FL200C-M support always opening function, this is very popular for officer when they have the meeting.
- Support Four Ways to Open the Door**
 Our smart lock support right hand open, left hand open, right hand reverse open and left hand reverse open.

- Made of Stainless Steel 100%**
 We use Stainless steel 100% to make our FL200C-M have strong corrosion resistant. This is always user' s love in Beach Resort, Cruised and Buildings beside the coastal cities.

- Bolt Spanner function**
 Use Stainless steel 100% handle, you can control the dead bolt freely when inside the room.
- Door Sensor Function**
 When closing the door, if the latch can not be out completely, FL200C-M will alarm.
