FL260 Card Lock

- Mirco Wave Technology**
 We adopt advanced mirco wave from the U.S., make this be Card user's favorite.
- LED Light and Sound for Operation Indication**
 LED light flash blue and red for different operation, with buzzer sound, this is very convenient and amazing

- Passage Mode Function**
 FL260 support always opening function, this is very popular for officer when they have the meeting.
- Support Four Ways to Open the Door**
 Our smart lock support right hand open, left hand open, right hand reverse open and left hand reverse open.
- Support Standard ANSI Mortise and Euro Mortise**
 Introducing gear wheel motor structure and clutching function-type lever handle structure, FL260 could make sure long usage

life.

- Space aluminum Material**
 Using Space aluminum 100% material, FL260 have strong corrosion resistant. This is always user's love in Beach Resort, Cruised and Buildings besides the costal cities.

- Door Sensor Function**
 When closing the door, if the latch can not be out completely, FL260 will alarm.
